MOSES MASON HOUSE DEDICATION SCHEDULED FOR WEDNESDAY, JULY 10

On Wednesday, July 10 at 4:30 p. m. the Moses Mason House will be dedicated. Invitations to the ceremony and the buffet following are in the mail. It is hoped that the weather will be fine, for in the event of rain it will be necessary to hold the reception in the Meeting Room, where space is limited.

The Reverend Thomas Caton will give the Invocation and Benediction. Robert Damm of the Maine State Museum will be the principal speaker. In addition a representative of the William Bingham II Trust for Charity will speak, and the Introduction and Welcome will be given by the President of the Historical Society, Miss Margaret Joy Tibbitts.

The Dedication will mark the real opening of the Museum as well as affording the Society an opportunity to express to the Trustees of the William Bingham II Trust its appreciation for its generosity in restoring the Building and presenting it to the Society. It is the goal of the Society to have the Museum serve as a focus for activities relating to the history of Bethel and the surrounding area, not just as a monument to commemorate Dr. Mason and his era. The front part of the House has been restored and furnished in a manner appropriate to Dr. Mason and his time. The rooms at the back of the building, including the Meeting Room (formerly Dr. Mason's barn) are to include material representative of Bethel and its way of life at various periods in its history. The furnishings have all been donated, and the Historical Society is deeply appreciative of the response which it has received from local residents and former local residents in this respect. For memorial items a Memory Book is being prepared which visitors will be able to consult; in this way a permanent visible record of items given in memory of particular people will be available.

The preceding week has brought many new donations to the Moses Mason House. Mrs. Beatrice Conrad has given a pair of figurines; Miss Julia Brown a straight razor, and the following list from Ned Hastings: a crock; 2 milk cans; a chopping bowl; a wooden spoon; a tray; an ironstone platter; a cannon ball; a ginger jar; two Academy Heralds; a set of hoops for dresses; and an early map of Sudbury Canada. Mrs. Doris Lord has donated a bundle of Academy Heralds dating from 1898 to 1930; 17 books; two photograph albums; a basket; an iron; two wool cards; a razor hone; four pair spectacles; four razors; an Indian Raid badge; a tool chest (Lysander Ordway); and a collection of psalms and hymns given in memory of Lawrence A. Lord.

The Furnishings Committee still needs a bureau; dishes; figurines; brass and wrought iron candlesticks; a grandfather clock; andirons, and

This will be followed by a "pot luck" luncheon in the Christian Education Building at 12:30 p. m. and an open house reception of the pastors at the parsonage at 2:00. Rev. Cummings and Rev. NEW SAWMILL IN OPERATION AT ANDOVER WOOD PRODUCTS

A major change took place at Andover Wood Products, Inc., subsidiary of Ethan Allen Inc., on June 28. The saw mill which has been in operation for 20 years was retired. A new sawmill has been constructed and is in operation. The old mill was started in the fall of 1953 and with some remodeling, has served the plant over the 20 year period. The new sawmill began operation on May 13 costing the company approximately \$750,000. It is capable of doubling the present sawing capacity.

Ivan Conrad, who is saw filer for Andover Wood Products has grown with the industry in Andover. He came to work in the spring of 1954 and since that time has performed all the jobs in the sawmill. Through talking with Mr. Conrad it was learned that when the mill was started in 1954 it consisted of one nine foot carriage, compared to the two 16 foot carriages in the new mill. It is apparent that the industry is growing substantially. At its outset in 1953 there were no kiln drying buildings and lumber was shipped green.

It was also the end of an era. Tom Lombard, who rolled the first log onto the saw carriage and who was on hand to roll the last log on, will be the last log roller at Andover Wood. Logs were placed on a deck which led to the saw carriage. The log roller had to push the logs onto the carriage. In the new mill, the operation is done automatically.

GOOD ATTENDANCE AT SAVE-OUR-SONGO MEETING

A large group of people interested in the future of Songo Pond met at the Casco Bank Community Room Saturday afternoon, June 29. President David Salway presided at the meeting. John Osborne of the chemistry department of Gould Academy and John Kallis spoke of much they had learned from their attendance at the two-day workshop held at the U. of M.-Orono, June 21-22 on water quality monitoring programs. Mrs. Alice Kimball explained to new persons present what had been done at previous meetings and why, and also read letters from C. O. L. A., Congress of Lake Associations. Mrs. Norma Salway told of her contact with Mrs. Pat Simek, executive director of C. O. L. A., and also the Channel 10 TV program concerning lakes, their environment and pollution.

In the ensuing general discussion it was voted to organize an association to be known as S. O. S.—Save Our Songo, with annual dues tentatively \$2.00 per membership. Anyone with any interest in Songo Pond may become a member. Send your name and address and amount of dues to Mrs. Helen Kallis, Treas., Box 563, Bethel, Maine, 04217.

It was voted to have the slate of officers who were serving the Committee serve the Association for the next year; also that the Committee serve as the board of directors with the addition of Mrs. Emily Saunders, George Noll, both from Bethel, and Reuel Leavitt of Gorham, N. H. It was also voted that the secretary write a letter of appreciation to Gould Academy for the invaluable assistance given the Association through Steve Chandler and John Osborne. The next general meeting will be held in mid-August.

Many notes were received from people who were interested but unable to attend this meeting.

GEM & MINERAL ASSOCIATION 13th ANNUAL MEET JULY 5-6-7

The thirteenth annual Western Maine Gem and Mineral Festival sponsored by the Oxford County Mineral and Gem Association will be held this Friday through Sunday at the Gould Academy Field House in Bethel, Maine. Featured at the Oxford County Club's 1974 exposition will be exceptional gem and mineral specimens from the private collection of David M. Seaman, scientific assistant, retired, of the American Museum of Natural History in New York. Also featured will be the Swantree Gold Collection from the Maine State Museum, containing the largest known gold nugget ever found in the state, weighing 18.5 grams.

Field trips to mineral collecting localities, guided by experienced club members will be held throughout the show. Of special interest are trips to locations which are normally closed to the public. These include excursions, on Saturday only, to the nationally famous Dunton Gem Tourmaline Mine in Newry. The Dunton trips have been made possible through the courtesy of the Plumbago Mining Corp., owners of the mineral rights at the Newry site.

Other notable features will include the exhibit recently entered in trophy competition by the club at the National Gem and Mineral show in Lincoln, Neb., over 65 additional displays of Maine and world-wide gems and minerals, plus demonstrations, film showings and speakers.

This year's event is being dedicated to the memory of the late Stanley Perham of West Paris, long time club member and founder of Perham's Maine Mineral Store. Mr. Perham's many years of service to the club and the mineral collecting fraternity as a whole has prompted this gesture of appreciation.

Show hours are: Friday and Saturday, July 5th and 6th, 10:00 a. m. to 9:00 p. m. Sunday, July 7th, 10:00 a. m. to 6:00 p. m.

The Bethel Fire Department will hold their July meeting on July 11 at 7:00 p. m. because of the holiday on the 4th.

American Viewpoints

Let us be true to our democratic ideals, not by the utterance of cheap platitudes, not by windy oratory, but by living in such a manner as to show that democracy can be efficient in promoting the public welfare during periods of peace and efficient in securing national freedom in time of war.

GREENWOOD CITY

— Mrs. Collie Morgan, Corres. —

Americans prepare to celebrate another July Fourth. Before leaving on a picnic, for fireworks in the Park, or other forms of play remember to display your fifty stars. Put your flag in a place of honor; stand back and look; the fifty stars will shine from your eyes. It will speak sublimely for every part has a voice; joined together they stand for one united cause; the cause of honoring our independence, our freedom!

The following account of a July Fourth celebration was held in West Paris and was taken from the "Oxford County Citizen" which was sent to me and was published July 11, 1918, during the World War One years. I'm sure many will enjoy reading it and some will remember the names and places as I do. Others may compare THEN and NOW.

"The Fourth of July celebration for the Red Cross proved a grand success. The beautiful day seemed to put everybody in good humor, and not a case of disorderly conduct was seen, and the constables had an easy day.

"At 8:30 the flag held in place by 13 young girls, representing the first 13 states, was raised. Bryant's Pond Band played, and Rev. H. H. Hathaway offered prayer.

"At nine o'clock the autos and horribles paraded and were much enjoyed, although there were less autos in the parade than last year. The horribles were very funny and pleasing. First prize for best decorated auto float, H. B. Doughty, West Paris; second prize, best decorated Dodge, Miss Mildred Perham, Bryant's Pond. First prize, horrible, Bryant's Pond Band (take off by West Paris). Second prize, horribles, Ladies' Fire Department.

"After the horribles, Rev. Chester G. Miller of South Paris gave the address of the day. Rev. H. H. Hathaway introduced the speaker, and Rev. A. Rafta of the Finnish Congregational Mission Church offered prayer. Only those who listened and those who well know Mr. Miller's ability as a preacher and orator can have any conception of his splendid address. Mr. Miller spoke from the balcony at G. A. Smith's, which was prettily decorated.

"The crowd then went to the athletic field, where the following sports were enjoyed:

"Obstacle race, first prize won by Sidney Verrill, second Henry West; Hundred yard dash, first, Sherman Billings, second, Harness Hecker; Fifty yard dash for girls, first, Miss Forswell, Bethel, second, Mabelle Allen; Tug of War, West Paris vs. Greenwood, won by Greenwood; Fifty yard dash, fat men, first, Harness Hecker, second, Lauri Immonen.

"Dinner of baked beans in the ground, brown and white bread, and assorted pies was served in the Grange Hall and Odd Fellows' Hall, and each place was crowded during the noon hour.

"At 1:30 Bryant's Pond Band gave a concert which was much enjoyed. The band has been organized only eight months, but is certainly a credit both to the players and their efficient leader, A. M. Chase.

The attraction on the athletic field in the afternoon was the baseball Club join us for a hike over part of some between West Paris High and

Calvary Congregational Church Bible School News — The special program to end a week's activities of the Vacation Bible School was held on June 26 with a good attendance. The total enrollment had been 66. Each class was a part of the program and each displayed arts and crafts. Teachers and helpers were: Little Tot, Barbara Meisner assisted by Marion Coolidge, Janet Field and N. Jean Cox. Primary: Norma Farrington assisted by Lorena Simmons. Intermediate: Mary Bailey assisted by Alice Cox. Junior: Rev. Lester Strout with Ethelene Merrill helper. Youth Class: Marjorie Stinson.

On June 23 the members of the Marilyn White Sunday School class enjoyed a picnic following the regular morning service.

The Planning Committee for Andover has been appointed. The members are Chairman, John Percival,

Berlin, N. H., resulting 6 to 4 in favor of Berlin.

"At four o'clock the Grange Hall was crowded to see Bragdon's moving pictures.

"Supper consisting of the same menu as at noon was served at the Odd Fellows' Hall to a good number.

"Bragdon again showed pictures from 7 to 8:30. Then came the dance in Grange Hall which was crowded. Music by Stowmoore. Ice cream and soft drinks received great patronage.

"The Little Red Cross girls worked faithfully and sold about \$75 worth of tags. \$500 was cleared.

"From start to finish everybody worked faithfully and everybody responded. The surrounding country, Greenwood, Woodstock and Paris gave generously of money and food. The men gave all possible aid, but the Chairman of the Ways and Means committee in speaking of the great success said too much praise cannot be given the ladies of the community, who have worked so diligently from the beginning of the soliciting until the last dish was washed and things cleared away."

Danny Holt, Windsor, spent a few days with his grandparents, Mr. and Mrs. Leonas Holt this week. His father came for him Sunday.

The painless way?

Saving money will never be "easy as pie" But Casco's new "Nestegg Savings" idea makes it almost painless.

It's the old story of not being able to spend what you never get your hands on. First, you decide the size nestegg you want and tell us the amount you want to save every month. Then once a month, Casco faithfully moves that amount from your checking account to a special 90-day notice savings account. You earn 5.50% simple annual interest which, with daily compounding, yields 5.65%.

This new plan is part of Casco's unusual "Money-Manager" service — the comprehensive approach to personal banking. When you qualify you also receive absolutely free checking, plus the important bonus of being able to borrow money, should you ever need to, at about half the cost of what many banks would charge you.

Ask about "Money-Manager" and its new "Nestegg Savings" option at the bank that's always thinking... Casco Bank. Member F.D.I.C.

Unbelievable or not, the fact is, we can do a great deal to save energy, and in the process save you money.

FACT: oil heat directly fired saves 3 times the oil it takes to generate the same heat by electricity or any other indirect energy source.

FACT: Our company wants to do all we can to save you money. Give us a call, we will be glad to show you how to use less of a good thing.
